CONTRACTING OFFICER TICKLIST AND GUIDANCE FOR THIS MODEL

- General - The attached model solicitation (Request for Quotations or RFQ) is prepared in the commercial item format prescribed in FAR 12.303.
- Always use A/OPE's most recent contract model. Do not recycle an older version. Contract models are updated with FAR clauses many times per year. Link to contract models on A/OPE intranet site at:
http://aopeed.a.state.gov/content.asp?content_id=8&menu_id=47
- In the documentation to the A/OPE Desk Officer, Contracting Officer has stated the file name of the model the Contracting Officer has copied from A/OPE's intranet site. Link to contract models on A/OPE intranet site at:
http://aopeed.a.state.gov/content.asp?content_id=8&menu_id=47
- Instructions for each “[*Note to Contracting Officer*]” have been followed
- Offeror and Contracting Officer have completed all appropriate fill-in-the-blank sections, many of which are denoted by “[]”
- FAR part 12 addresses commercial item acquisitions. FAR part 2 defines a commercial item. If you are uncertain whether these services in the host country fall within the commercial item definition, please contact your A/OPE Desk Officer, who will assist you in making that decision. Link to the FAR at: <http://acquisition.gov/far/index.html>
- If you have questions about FAR Provisions and clauses, consult FAR 52.3, the provision and clause matrix, at http://acquisition.gov/far/current/html/52_301Matrix.html. Do not delete any provisions or clauses without talking with your A/OPE Desk Officer.
- You have coordinated the tasks with the Requirements Office to ensure all tasks are necessary.
- REQUIRED – Before sending to A/OPE for review, all modified clauses are **highlighted** unless the instructions for that clause in the model expressly state that post should modify the clause to reflect post specifics.
 - REQUIRED - Rationale for this modification has been included in the memo requesting review from A/OPE.
 - Highlights** have been removed before issuing solicitation
- Cover Page of Solicitation
 - For commercial item contracts/purchase orders **exceeding \$150,000**, use the SF-1449 as the cover page.

- For commercial item contracts/purchase orders of **\$150,000 or less**, use either the SF-1449 (which can be used for the RFQ and award) or the SF-18 (for the RFQ) and OF-347 (for the award). If the SF-18 is used:
 - Include FAR clause 52.212-4 and provision 52.212-1, either by reference or in full text (this clause and provision are included on the SF-1449 by reference in block 27, but not on the SF-18); and
 - Correct all references to the SF-1449. **Consequently, it would be simpler to use the SF-1449 in all cases when buying services as a commercial item.**
- For commercial item contracts/purchase orders of up to \$6.5 million, use a Request for Quotations (RFQ) number, rather than a Request for Proposals (RFP) number.
- Fill-Ins and Add-Ins -- The solicitation contains several FAR clauses that must be filled in, either by you (before the RFQ is released) or by the offeror/quoter, before submitting the document to you. These fill-ins are as follows:
 - Contracting Officer completes:
 - 52.217-9, Option to Extend the Term of the Contract
 - 52.232-19, Availability of Funds for the Next Fiscal Year
 - Offeror/quoter completes:
 - 52.212-3, Offeror Representations and Certifications--Commercial Items
- Bio-preferred products - If US firms or products are being solicited then include 52.223-1 and 52.223-2 in the solicitation/contract. Place in Section 2.
- Appropriate information has been entered into all blank fields
- Your A/OPE Desk Officer has approved this document when and where approval is appropriate
- Tailoring of FAR clauses - Some tailoring of FAR clauses is permissible, but this should rarely occur. In the model, the addendum for both FAR clause 52.212-4 and FAR provision 52.212-1 shows no tailoring. If you need to tailor this clause, please contact your A/OPE Desk Officer for guidance.
- The entire contract model, including all completed tick lists and instructions, has been saved somewhere for your records so you'll have a history of what you've done.

- “Model Updates” at the beginning of this document were deleted before final printing.
- ALL “Tick List and Guidance” comments have been deleted before final printing.
- “[Notes to Contracting Officer]” which are embedded in the model have been deleted before final printing
- Contracting Officer has read the document before it has been submitted to A/OPE for review.
- Contracting Officer has made sure all A/OPE comments are incorporated before issuance.
- Contracting Officer has actually read the final document before distribution.
- The document makes sense to both you and your A/OPE Desk Officer.
- The Proposal due date is listed per instructions in FAR part 5. Also, the Contracting Officer has ensured this due date does not fall on an Embassy holiday or weekend. Link to the FAR at: <http://acquisition.gov/far/index.html>
- PIB 2010-21 has been reviewed to ensure public notification/advertising requirements have been satisfied where appropriate. When in doubt, contact your A/OPE Desk Officer. Link to PIBs on A/OPE intranet site at: http://aoepd.a.state.gov/content.asp?content_id=86&menu_id=50
- The proposed COR has been notified of all required training as set forth in DOSAR subpart 642 to ensure these requirements have been satisfied prior to or at the time of award. Link to DOSAR at: <http://aope.a.state.gov/dosar/fullscreen.asp>
- Contracting Officer has negotiated for the lowest priced technically acceptable offer.
- Defense Base Act Insurance clauses reviewed and modified
 - When the Contracting Officer has a reasonable expectation that no covered contractor employees (see PIB 2009-20 on A/OPE’s intranet site at: http://aoepd.a.state.gov/content.asp?content_id=86&menu_id=50 for definition of covered versus non covered employees) will be included in the offers (e.g., offers will come from local overseas contractors and the work is to be performed in a country that has local workers’ compensation laws), the Contracting Officer shall include the following FAR clause and DOSAR provision in the document:
 - FAR clause 52.228-4, *Workers’ Compensation and War-Hazard Insurance Overseas*; place in Section 2

- Provision entitled *Defense Base Act – Covered Contractor Employees*; place in Section 5
- If, in response to the document, any offeror knows that they will employ covered employees, the offeror is required to notify the Contracting Officer prior to the closing date.
 - The Contracting Officer shall then amend the document to add a line item in Section 1 (see sample language in B.2.7 and actual item in B.3.6 of the LGP model). Link to LGP contract model at:
http://aopeead.a.state.gov/content.asp?content_id=7&menu_id=46
 - If covered employees will be employed, delete the following
 - Provision entitled 652.228-70 *Defense Base Act – Covered Contractor Employees* from Section 2.

Also add the following clauses/provisions if using covered employees:

- FAR clause 52.228-3, *Workers’ Compensation Insurance (Defense Base Act)*; place in Section 2.
- DOSAR clause 652.228-71, *Workers’ Compensation Insurance (Defense Base Act) – Services*; place in Section 2. If this clause is used mark paragraphs b, c, d, e and f as “RESERVED.”
- Offerors shall be given additional time to incorporate the DBA contractor rates into their proposed prices.
- Section 3 completed. Pre-Proposal Conference/Site Visit - If there will be a pre-proposal conference or site visit, provide information in a cover letter to the solicitation. You may use the pre-proposal conference/site visit language from any of the other A/OPE model solicitations and add to Section 3. Link to contract models on A/OPE intranet site at:
http://aopeead.a.state.gov/content.asp?content_id=8&menu_id=47
- SECTION 5 COMPLETED - American Business Sources
 - For Section 5 inserts which follow, you have deleted all instructions such as **“[Complete only if the offeror represented itself as a small business concern in paragraph (b)(1) of this provision.]”**

- All tick marks such as this one “[]” have been appropriately ticked
- If you know or expect that American businesses may submit a proposal, you must include the following solicitation provision, in addition to the other certifications contained in this solicitation. This certification is used to determine whether the firm is considered small by the Small Business Administration (SBA).
- If you receive an offer from a small business, and you determine that firm to be non-responsible, then you must refer the matter to A/OPE and A/SDBU for referral to SBA; any determination of non-responsibility of an American small business must be referred to SBA prior to award of the contract. SBA will then determine whether to issue a Certificate of Competency (SBA) attesting to the firm's ability to perform the contract. For more information, see FAR 19.000(b) and 19.6. Link to FAR at:
<http://acquisition.gov/far/index.html>

PRICES BLOCK 23

I. Scope of Services

The Contractor shall complete all work, including furnishing all labor, material, equipment, and services, unless otherwise specified herein, required under this contract for stated services within the time specified herein. The price listed below shall include all labor, materials, overhead, and profit. In consideration of satisfactory performance of all scheduled services required under this contract, the Contractor shall be paid a firm fixed-price for all services.

II. Base Period

The contract will be for a one-year period from the date of the contract award and a notice to proceed with *[Note to Contracting Officer: Insert number]*, option years.

1. The Contractor shall furnish all engineering, labor, tools, equipment, materials, supplies and services to provide the required circuit as specified under Section 1, hereof:

2. Prices. In consideration of satisfactory performance of the services required under this contract, the Contractor shall be paid a firm fixed-price (FFP) per month as stated in the schedule below in U. S. dollars. Carrier shall be responsible for payment end-to-end circuit billing.

2.1 VALUE ADDED TAX

[Note to Contracting Officer: Does VAT get included in the solicitation?]

You need to understand the VAT process of the host government in order to determine if or how VAT should be incorporated into this solicitation. Select either Version A or B, relating to VAT.

Is this acquisition using Foreign Assistance Funds? If yes you must include one of the versions below.

Use VAT Version A if the Contractor must invoice the USG and pay VAT to the host government even if the host government later reimburses post. If Version A is selected, Contracting Officer must:

State whether the full VAT amount is charged on all aspects of the contract and provide a separate line item with a firm fixed priced amount (not a percentage).

Use VAT Version B if the Contractor will not be required to invoice for and pay VAT to the host government, either because the host country has no VAT or because the embassy has a tax exemption certificate that relieves our service contractors from collecting and paying VAT. Note that these exemptions frequently only apply when the embassy is directly purchasing goods and do not exempt a service contractor from charging and paying VAT. If the embassy has this certificate, a copy of it or the number of it will need to be furnished to the Contractor for use under this contract.]

VAT VERSION A

VALUE ADDED TAX. Value Added Tax (VAT) is not included in the CLIN rates. Instead, it will be priced as a separate Line Item in the contract and on Invoices. Local law dictates the portion of the contract price that is subject to VAT; this percentage is multiplied only against that portion. It is reflected for each performance period. The portions of the solicitation subject to VAT are:

OR

VAT VERSION B

VALUE ADDED TAX. Value Added Tax (VAT) is not applicable to this contract and shall not be included in the CLIN rates or Invoices because the U.S. Embassy has a tax exemption certificate from the host government.

U. Circuit Downtime and Credits

Credits shall be assessed against the Contractor in those instances where the circuit during any given month or year that fail to achieve and sustain the minimum acceptance standards stated above.

1. Definitions:

Circuit Availability Acceptance Level: Yearly Circuit Availability Acceptance Level is computed by 365 calendar days times 24 (hours per day) times 99.7% acceptance level equals 8,716.20 hours annum. ($365 \times 24 = 8760 \times 99.7\% = 8,733.72$). Monthly Circuit Availability is computed by the calendar days per month times 24 (hours per day) times 99.7% acceptance level (example: $31 \times 24 = 744 \times 99.7\% = 741.76$).

Downtime: That period of time when the circuit becomes non-operational or unusable for communication or transfer of data or failures to meet the minimum acceptance standards. The maximum cumulative Annual downtime that shall be acceptable for corrective or preventative maintenance is 26.28 hours ($8760 \times .3\%$). The maximum cumulative Monthly downtime that shall be acceptable for corrective or preventative maintenance shall be .3% of the total available hours for the month (example: $31 \times 24 = 744 \times .3\% = 2.23$ hours).

Period of Downtime: Downtime shall commence at the time first attempt for contact is made by the Government (or its representative) to the Contractor's Point of Contact and shall be annotated on the Remedy Ticket and shall continue until the circuit is returned into Service by the Government.

Downtime Credits: Monetary value returned to the Government for failure to meet the Circuit availability requirements. Downtime Credits shall be assessed based on cumulative downtime time with the minimum assessment being one hour. Downtime credit shall be equal to the hourly or daily rate (as applicable) as identified in the schedule in Section B. There are two (2) situations when circuit Downtime Credits can be accumulated:

- 1) Below Availability Level,
- 2) Extended Downtime.

2. Credit for Circuit Downtime by Situation

Below Availability Level: If the downtime accumulated for a circuit adds up to 26.28 (8760 x 0.3%) cumulative hours or more during any one contract year (365 calendar days) or depending on the number of hours for the month (example 744 x .3%) cumulative hours per month (example: 31 calendar day month) the Contractor shall grant a hourly credit to the Government for each hour of downtime. Each additional one hour increment or portion thereof will be assessed as an additional hour.

Extended Downtime Credit(s): Cumulative time of more than 18 hours but not greater than 24 hours for any one outage shall be assessed at a daily rate. Any increment of 24 hours beyond the initial 24 hours of any one outage shall be assessed at the standards for the hourly rate up to 12 hours, however between 12 and 24 hours the credit shall be assessed at the daily rate.

3. Exceptions to Cumulating of Downtime

Cumulating of circuit downtime shall include all unscheduled downtime deemed to be the responsibility of the Contractor, with the following exceptions:

a. When the failure to perform arises out of causes beyond the control and without the fault or negligence of the Contractor or Sub-contractor as defined in the Termination for Default clause in Section I of this contract.

b. Malfunction of equipment, frequency fading and interference, errors of commission and/or omission by the Contractor or Sub-contractor, and commercial power surges or failures are considered to be normal hazards of the industry and therefore do not qualify as causes beyond the control of the Contractor or Sub-contractor. The Contractor shall be charged with credits for all reported outages determined "no trouble found" or "came clear while testing" but which exceed 45 minutes.

The Contracting Officer shall make final determination as to whether downtime is the responsibility of the Contractor. If requested by the Contracting Officer, the Contractor shall provide documentation to support claims of excusable downtime. For downtime determined to be the Contractor's responsibility, the Contracting Officer may elect to assess a credit for each instance of non-performance.

4. Payment Reduction for Downtime Credits

When Circuit Downtime credit(s) is owed to the Government, the total number of creditable hours shall be accumulated for the month and will be deducted from the payment due the Contractor in the month they accrued.

5. Trouble Escalation Procdeure

a. The Government shall refer the problem to the carrier after performing tests as prescribed in the Trouble Anaysis procedure. Obtain the name of the carrier test person and a carrier ticket number; record this information on the Government's Remedy Ticket.

b. After the trouble has been referred to the carrier for two (2) hours, recall the carrier for an update on the current trouble. Record the carrier's response, the name of the individual you talked with, and the carrier ticket number on the Remedy Ticket.

c. After the trouble has been referred to the carrier for four (4) hours, recall the carrier for an update on the current trouble. If the carrier's response is not satisfactory escalate the trouble to the carrier's management. Record the carrier's response, the name of the individual you talked with, and the carrier ticket number on the Remedy Ticket.

d. After the trouble has been referred to the Contractor for six (6) hours the COR shall escalate the trouble to the Contractor's manager; also notify IRM/IMO and the Contracting Officer and the STATE IRM/ISC Office. Record the contractor's response, the name of the individual you talked with, the Contractor ticket number, and the names of the IRM managers that were notified on the Remedy Ticket.

e. Continue to status the Contractor for the remainder of the outage or until you have received a problem resolved status.

(1) Refusing, or requiring any U.S. person to refuse to do business with or in Israel, with any Israeli business concern, or with any national or resident of Israel, or with any other person, pursuant to an agreement of, or a request from or on behalf of a boycotting country;

(5) Furnishing information about whether any person is a member of, has made contributions to, or is otherwise associated with or involved in the activities of any charitable or fraternal organization which supports the State of Israel; and,

(6) Paying, honoring, confirming, or otherwise implementing a letter of credit which contains any condition or requirement against doing business with the State of Israel.

(b) Under Section 8(a), the following types of activities are not forbidden "compliance with the boycott," and are therefore exempted from Section 8(a)'s prohibitions listed in paragraphs (a)(1)-(6) above:

(2) Complying or agreeing to comply with import and shipping document requirements with respect to the country of origin, the name of the carrier and route of shipment, the name of the supplier of the shipment or the name of the provider of other services, except that no information knowingly furnished or conveyed in response to such requirements may be stated in negative, blacklisting, or similar exclusionary terms, other than with respect to carriers or route of shipments as may be permitted by such regulations in order to comply with precautionary requirements protecting against war risks and confiscation;

(3) Complying or agreeing to comply in the normal course of business with the unilateral and specific selection by a boycotting country, or national or resident thereof, of carriers, insurance, suppliers of services to be performed within the boycotting country or specific goods which, in the normal course of business, are identifiable by source when imported into the boycotting country;

(4) Complying or agreeing to comply with the export requirements of the boycotting country relating to shipments or transshipments of exports to Israel, to any business concern of or organized under the laws of Israel, or to any national or resident of Israel;

(6) Compliance by a U.S. person resident in a foreign country or agreement by such person to comply with the laws of that country with respect to his or her activities exclusively therein, and such regulations may contain exceptions for such resident complying with the laws or regulations of that foreign country governing imports into such country of trademarked, trade named, or similarly specifically identifiable products, or components of products for his or her own use, including the performance of contractual services within that country, as may be defined by such regulations.

Additional Instructions:

- A. This solicitation requires the submission of pricing in local currency.
- B. Separate charges, in any form, are not solicited. For example, proposals containing any charges for failure of the Government to exercise any options will be rejected. The Government shall not be obligated to pay any charges other than the contract price, under Article 34 of the Vienna Convention on Diplomatic Relations, from the Special Access Surcharges or foreign taxes, including Value Added Taxes.
- C. Unless otherwise provided in this solicitation, the definitions for all telecommunications terms used herein are contained in Federal Standard 1037A (FED-STD-1037A), Glossary of Telecommunication Terms, dated June 26, 1986.
- D. The price offered shall include costs and profit as proposed by the offeror for performing all the requirements of the completed contract as set forth in this solicitation. The costs and profit should take into consideration magnitude and realism (from both a technical and cost perspective).
- E. If any services are to be offered at no cost to the Department of State, the bidder shall so indicate by entering either "No Charge" or "N/C" in the space provided in Section B for that item. Failure to enter either a price or one of the no charge notations, i.e., leaving the space blank, may render the bid non-responsive, additionally entering "Not Separately Priced" or "NSP" is not acceptable.
- F. Each CLIN shall be separately priced and detailed cost information for each shall be provided as a summary level of all CLINs. Failure to enter either a price or one of the no charge notations, i.e., leaving the space blank, may render the quotation unacceptable, additionally entering "Not Separately Priced" or "NSP" is not acceptable.

Proposals shall include a completed solicitation. *[Note to Contracting Officer: Describe any additional items which may be required in Section 3, such as a company brochure, technical proposal, client list, financial statement, etc. that are going to be evaluated].* The Government reserves the right to reject proposals that are unreasonably low or high in price.

The lowest price will be determined by multiplying the offered prices times the estimated quantities in "Prices - Continuation of SF-1449, block 23", and arriving at a grand total, including all options. Acceptability will be determined by assessing the offeror's compliance with the terms of the RFP. Responsibility will be determined by analyzing whether the apparent successful offeror complies with the requirements of FAR 9.1, including:

- Adequate financial resources or the ability to obtain them;
- Ability to comply with the required performance period, taking into consideration all existing commercial and governmental business commitments;
- Satisfactory record of integrity and business ethics;

(h) *Certification Regarding Responsibility Matters (Executive Order 12689)*. (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) *o* Are, *o* are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) *o* Have, *o* have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) *o* Have, *o* have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment*. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples*.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for *Listed End Products (Executive Order 13126)*.
