## CONTRACTING OFFICER TICKLIST AND GUIDANCE FOR THIS MODEL

- General - The attached model solicitation (Request for Quotations or RFQ) is prepared in the commercial item format prescribed in FAR 12.303.
- Always use A/OPE's most recent contract model. Do not recycle an older version. Contract models are updated with FAR clauses many times per year. Link to contract models on A/OPE intranet site at:  
[http://aopead.a.state.gov/content.asp?content\\_id=8&menu\\_id=47](http://aopead.a.state.gov/content.asp?content_id=8&menu_id=47)
- In the documentation to the A/OPE Desk Officer, Contracting Officer has stated the file name of the model the Contracting Officer has copied from A/OPE's intranet site at:  
[http://aopead.a.state.gov/content.asp?content\\_id=8&menu\\_id=47](http://aopead.a.state.gov/content.asp?content_id=8&menu_id=47)
- Instructions for each “[*Note to Contracting Officer*]” have been followed
- Offeror and Contracting Officer have completed all appropriate fill-in-the-blank sections, many of which are denoted by “[ ]”
- FAR part 12 addresses commercial item acquisitions. FAR part 2 defines a commercial item. If you are uncertain whether these services in the host country fall within the commercial item definition, please contact your A/OPE Desk Officer, who will assist you in making that decision.
- If you have questions about FAR Provisions and clauses, consult FAR 52.3, the provision and clause matrix, at [http://acquisition.gov/far/current/html/52\\_301Matrix.html](http://acquisition.gov/far/current/html/52_301Matrix.html). Do not delete any provisions or clauses without talking with your A/OPE Desk Officer.
- You have coordinated the tasks with the requirements office to ensure all tasks are necessary.
- REQUIRED – Before sending to A/OPE for review, all modified clauses are **highlighted** unless the instructions for that clause in the model expressly state that post should modify the clause to reflect post specifics.
  - REQUIRED - Rationale for this modification has been included in the memo requesting review from A/OPE.
  - Highlights** have been removed before issuing solicitation
- Cover Page of Solicitation

- For commercial item contracts/purchase orders **exceeding \$150,000**, use the SF-1449 as the cover page.
- For commercial item contracts/purchase orders **of \$150,000 or less**, use either the SF-1449 (which can be used for the RFQ and award) or the SF-18 (for the RFQ) and OF-347 (for the award). If the SF-18 is used:
  - Include FAR clause 52.212-4 and provision 52.212-1, either by reference or in full text (this clause and provision are included on the SF-1449 by reference in block 27, but not on the SF-18); and
  - Correct all references to the SF-1449. **Consequently, it would be simpler to use the SF-1449 in all cases when buying services as a commercial item.**
- For commercial item contracts/purchase orders of up to \$5.5 million, use a Request for Quotations (RFQ) number, rather than a Request for Proposals (RFP) number.
  
- Fill-Ins and Add-Ins -- The solicitation contains several FAR clauses that must be filled in, either by you (before the RFQ is released) or by the offeror/quoter, before submitting the document to you. These fill-ins are as follows:

The Contracting Officer may exercise the option by written notice to the Contractor within [insert in the clause the period of time in which the Contracting Officer has to exercise the option]. - FAR clause 52.228-4, *Workers' Compensation and War-Hazard Insurance Overseas*; place in Section 2
- Provision entitled *Defense Base Act – Covered Contractor Employees*; place in Section 5
- If, in response to the document, any offeror knows that they will employ covered employees, the offeror is required to notify the Contracting Officer prior to the closing date.
  - The Contracting Officer shall then amend the document to add a line item in Section 1 (see sample language in B.2.7 and actual item in B.3.6 of the LGP model).

This certification is used to determine whether the firm is considered small by the Small Business Administration (SBA).
  
- If you receive an offer from a small business, and you determine that firm to be non-responsible, then you must refer the matter to A/OPE and A/SDBU for referral to SBA; any determination of non-responsibility of an American small business must be referred to SBA prior to award of the contract. **PRICES, BLOCK 23**  
**INDEFINITE DELIVERY/INDEFINITE QUANTITY CONTRACT**  
**COST PER COPY**

1. Performance Work Statement

This solicitation is for photocopier supplies and services based on a firm fixed price (cost per copy) charge. Contractor furnished services and supplies are to be provided on an indefinite quantity basis with delivery to **[Note to Contracting Officer: Insert name of post]**. Many machines will remain in place for the life of this contract but occasional requests may be made for shorter durations.

The Contractor will retain ownership of all machines being installed in U.S. Government offices under this contract. The estimated monthly copy volume for each office covering the upcoming **[Note to Contracting Officer: Fill in number of years]** years is shown in Attachment 2. Some machines will not be replaced with new ones but the copies made will be taken into account for copy commitment purposes. Additional machines may be ordered by the Contracting Officer through task orders by applying the cost per copy rate and service requirements of applicable volume bands.

It is the Government's intention to have all ordered copiers in place for the base period of this contract and the optional periods of performance, if exercised. Prices should be based on the assumption that all copiers will remain in place until the end of the final period of performance. Occasional requests may be made for shorter periods, in which case the Government will pay the cost per copy rate equal to similarly sized contracted machines within volume bands priced below.

The contractor shall provide copier services on a cost per copy basis. This cost per copy price shall include:

- The usage charge of the proposed copier;
- Insurance (see FAR 52.228-4 and 52.228-5);
- All necessary consumables, except paper, including but not limited to toner, developer kits, fuser oil, unlimited repair services (emergency repairs and preventive maintenance) during the normal business hours set forth in Section C.6;
- Training of at least one (key) operator for each copier.

This is an indefinite-delivery indefinite-quantity contract (IDIQ). The Government plans to issue task orders with a firm-fixed price per copy and a ceiling price based on estimated quantities.

Additional details regarding the Performance Work Statement are stated in Attachment 1 of this section.

2. Period of Performance/Schedule

The performance period of this contract is from the date of contract award (approximately *[Note to Contracting Officer: Post must fill this in]* and continuing for 12 months, with *[Note to Contracting Officer: Insert number of option years]* \_\_\_\_\_, one-year option(s) to renew. The initial period of performance includes any transition period authorized under the contract.

The Contractor shall provide all required types of maintenance service as well as copier installation, equipment demonstrations, and training services on *[Note to Contracting Officer: List days of the week, such as Monday-Friday, excluding holidays as specified in the contract ]* during the hours of *[Note to Contracting Officer: List hours during which contractor must be available]*

In order for the option (s) to be exercised at the prices indicated in this contract, the Government shall prepare a modification to this contract exercising this option.

3. Pricing. The Contractor shall provide the following copier models for the cost per copy firm fixed prices set forth below. The estimated "Copies Per Month" column represents the estimated total number of copies for all copiers combined, within that category volume range. All prices are set forth in *[Note to Contracting Officer: Fill in currency in which prices are to be set forth]*. The Government will pay no monthly lease charge, maintenance or toner or other copier supplies charges under this cost per copy arrangement. No other charges will be accepted. The Government will provide only the paper and electricity.

3.A. VALUE ADDED TAX

*[Note to Contracting Officer: Does VAT get included in the solicitation?]*

*You need to understand the VAT process of the host government in order to determine if or how VAT should be incorporated into this solicitation. Select either VAT Version A or VAT Version B.*

*Is this acquisition using Foreign Assistance Funds? If yes you must include one of the versions below.*

*Use VAT Version A if the Contractor must invoice the USG and pay VAT to the host government even if the host government later reimburses post. If VAT Version A is selected, Contracting Officer must:*

*State whether the full VAT amount is charged on all aspects of the contract and provide a separate line item with a firm fixed priced amount (not a percentage).*

*Use VAT Version B if the Contractor will not be required to invoice for and pay VAT to the host government, either because the host country has no VAT or because the embassy has a tax exemption certificate that relieves our service contractors from collecting and paying VAT. Note that these exemptions frequently only apply when the embassy is directly purchasing goods and do not exempt a service contractor from charging and paying VAT. If the embassy has this certificate, a copy of it or the number of it will need to be furnished to the Contractor for use under this contract.]*

#### VAT VERSION A

VALUE ADDED TAX. Value Added Tax (VAT) is not included in the CLIN rates. Instead, it will be priced as a separate Line Item in the contract and on Invoices. Local law dictates the portion of the contract price that is subject to VAT; this percentage is multiplied only against that portion. It is reflected for each performance period. The portions of the solicitation subject to VAT are:

**OR**

#### VAT VERSION B

VALUE ADDED TAX. Value Added Tax (VAT) is not applicable to this contract and shall not be included in the CLIN rates or Invoices because the U.S. Embassy has a tax exemption certificate from the host government.

*[Note to Contracting Officer: Revise the Pricing Schedule if post will need no copiers at the higher range of the scale. You should retain all other ranges to allow offerors to propose machines that are best suited for different levels of use. Complete the columns for estimated number of copiers and estimated copies per month.]*

(b) The Contractor shall perform only those services specifically authorized in the individual task orders issued under this contract. The Contractor shall complete all work and services under this contract when specified in the task orders.

(c) The designated ordering individual for this contract is the Contracting Officer.

## 5. Deliveries

The Contractor shall install following instructions provided by the Contracting Officer on signed task orders coordinated with the COR. Delivery shall occur within thirty days unless the task order states otherwise. The Contractor shall give advance notice of copier delivery and installation at least [*Note to Contracting Officer: Fill minimum number of days*] days before copier arrival. The Contractor shall give notification of arrival of supplies, unless hand carried by a service technician, at least [*Note to Contracting Officer: Fill in minimum number of days*] days before the scheduled arrival.

Upon delivery, the Contractor shall provide to the Key Operator, with a copy to the COR, the following information on equipment:

- Description of Equipment

The Contractor shall mark shipments for the Key Operator at site of deliveries. There is a separate Key Operator for each copier location.

## 6. INVOICES.

(a) The Contractor shall submit invoices to the COR at the address shown in paragraph (e) below. A proper invoice must include the following information.

- (3) Contract number.

(4) A summary showing a listing of each machine by location and serial number with a total monthly price for that machine. Attached to each summary invoice a detailed invoice for each agency for which one or more copiers is provided under this contract. This detailed invoice shall list a description of services provided during the time period involved with the following additional information:

- Make and model of machine
- Location and serial number of machine
- Monthly volume of copies made by machine
- Copier rate applied and total price for copying services
- Calendar month covered by invoice

(5) Prompt payment discount if any

(6) Name, title, phone number, and address of person to contact in case of defective invoice.

(b) If an invoice does not contain the above information, the Government reserves the right to reject the invoice as improper and return it to the Contractor within 7 calendar days. The Contractor must then submit a proper invoice.

(c) Each task order will include the name of the agency for which the copier is ordered. This is the agency name which the Contractor shall use when creating the invoice.

(d) The COR will take each summary invoice, furnish the detailed invoice to the appropriate official in that agency. That agency representative will review the detailed invoice and either mark it “inspected and accepted” or advise the COR of the inaccuracies found. It shall be the COR who will interact with the Contractor on any invoice problems.

(e) The contractor shall send invoices to the following address:

(i) Copier equipment has certain performance characteristics, i.e. paper jams, malfunctions which cause unacceptable copy quality, etc. These factors are not in the control of the copier operator but can become a considerable expense in copy counts when they occur. Should malfunctions occur which result in unacceptable copies, the key operator and users shall place them in a box by the copier and notify the Contractor. The Contractor shall review the issue and respond within one week, providing credit on monthly invoicing for the number of copies determined unacceptable due to fault of the copier. The Contractor shall also credit all copies made during copier testing and repair by the Contractor, as noted on repair and meter cards. This clause is not intended to credit copies which are unacceptable due solely to operator error such as incorrect paper selection, insufficient toner etc.

7. Government Approval and Acceptance of Contractor Employees.

The Contractor shall subject its personnel to the Government's approval. The Government reserves the right to deny access to U.S. - owned and U.S. - operated facilities to any individual. All employees must pass a suitable investigation conducted by the Contractor, including recommendation(s) from their respective supervisor(s). Also required is a police check covering criminal and/or subversive activities, a check of the personal residence, and a credit investigation. In the case of Government negligence or damage, the Contractor shall submit an invoice and explanation of written damage or loss to the COR. If damage can be repaired, the invoice shall reflect the cost of repair including parts and labor. If equipment damage is deemed a total loss of the equipment, the Contractor will invoice the Government for the purchase price less depreciation (equal to 1/60 of the purchase price times the number of months the machine has been in use under the USG contract.)

## VI. Consumable Supplies

The Contractor shall furnish all consumable supplies required for copying operations. The Government will provide copying paper. To insure that consumables are available at all times, the Contractor is required to supply the Key Operator with a stock of consumables for warehouse storage. The Contractor shall ensure that a stock of two months supply of consumables is available at all times and placed in the location designated by the COR. Each Key Operator will coordinate delivery of supplies to machines and users.

### B. Maintenance

Preventive Maintenance - The Contractor shall provide preventive maintenance service calls to ensure that copiers are maintained in good working condition. Maintenance calls shall be at intervals which meet commercial standards, but not less than twice per year. These calls shall be made during normal business hours (See Section 1).

Response To Service Calls - The Contractor shall respond to oral service calls placed by the Key Operator for the copier requiring service, within twenty four (24) hours of notification during normal Embassy working hours. The response time on service calls shall commence when the Key Operator contacts the Contractor. In cases where a copier cannot be repaired within forty- eight (48) hours, the Contractor shall provide a replacement machine of equal or greater capabilities. Replacement machines shall remain in use until the original machine is repaired or permanently replaced. Copies made on a replacement machine will be taken into account for copy commitment purposes. If a replacement machine is for a higher volume band, the cost-per-copy price for the original machine will apply.

### C. Operational Requirements

Equipment Demonstrations - During installation of copiers, the Contractor must demonstrate to the Key Operator that copiers are in proper operating condition. Following successful demonstration, the Contractor shall schedule a session to instruct authorized users on operating instructions and service call procedures.

Introduction of New Models - The Contractor is requested to introduce new or improved model copiers at any time for models initially supplied under this contract. The Contractor shall propose such replacements in writing to the Contracting Officer for review. Replacements shall be of equal or greater capability as the model to be replaced. If they are acceptable, the Contracting Officer shall accept new new models and will be appropriately modified, followed by any necessary modification of existing task order(s) or issuance of a new task order(s).

Operator Training - The Contractor shall provide training for Key Operators on site at the time of initial installation, at a mutually agreeable time. At time of training, the Contractor will provide key codes on machines shared by multiple agencies and reported to the Contracting Officer.

#### Machine Movements

The Contractor is responsible for all machine movements. The Contractor shall coordinate deliveries, installations, and removals at the end of the contract period or when a machine is no longer required.

#### Requests for Consumables

The Key Operator will place orders with the Contractor for consumables excluding paper. Orders may be placed by phone or fax. The Contractor shall deliver the consumables within six working days of order placement, to either the Key Operator or Embassy Warehouse, as requested by the Key Operator.

#### D. Changes in Copier Requirements

The number of copiers in use may change at any time. The Contracting Officer is the only person authorized to increase and decrease the number of machines. Changes are made in the form of a task order or task order modification. The contractor shall place in service new and additional copiers as requested at a copy rate equal to similarly sized machines within volume bands shown in Section 1. For copiers added during any contract year, the respective contract year rate will apply.

Discontinuance of Service – If the Contracting Officer requests removal, change, or the addition of any copier site by task order or task order modification, the Contractor shall take action within thirty (30) days of receipt of that task order or task order modification. There will be no charge associated with removal, movement or addition of copiers except for adjustments to copier rates as a result of machine location or size changes.

Replacement Copiers - The COR may request a newly manufactured replacement copier at any time in the event of machine break down or malfunction resulting in downtime of more than sixteen (16) hours per month. The Contractor shall provide a replacement machine of equal or greater capabilities to assure that offices go no longer than forty eight (48) hours without copier facilities. Upon delivery of a replacement machine, the Contractor shall advise the COR, (with a copy to the Contracting Officer) of the serial number, location, and model number. If a replacement machine is for a higher volume band, the cost-per-copy price for the original machine will continue to apply. The Contractor is solely responsible for maintaining copiers in good condition.

#### E. Contractor's Reports

The Contractor shall maintain an inventory of equipment delivered under this contract. At time of monthly invoicing the Contractor shall provide the Key Operator, with a copy to the COR:

- (1) Make and model
- (2) Location and serial number of machine

- (3) Record of repairs and maintenance performed
- (4) Monthly volume of copies made by machine
- (5) Total cost for copying services for month

F. Machine Usage

The Government will make every effort to ensure that copiers put in place are selected based on volume of copies produced and minimum features required. If the Contractor becomes aware of any particular site where a copier is regularly being over used or under used, the Contractor may recommend replacing that machine with one more appropriate. If the Contracting Officer determines corrective action is appropriate, the Contracting Officer will outline the changes in writing through a modification to the contract or task order.

G. Key Operators

(1) The COR will provide to the Contractor a list of Key Operator(s) for each copier which is installed, not later than the date on which the copier is installed. The COR will update this list as necessary.

(2) The Key Operator will be the Contractor's first point of contact on issues relating to individual copies, except for initial copier installation, for which the COR shall be the first point of contact. If there is an issue that cannot be resolved at the Key Operator level, the Contractor shall elevate the issue to the COR for resolution.

H. Quality Assurance and Surveillance Plan (QASP)

This plan is designed to provide an effective surveillance method to promote effective contractor performance. The QASP provides a method for the Contracting Officer's Representative (COR) to monitor contractor performance, advise the contractor of unsatisfactory performance, and notify the Contracting Officer of continued unsatisfactory performance. The contractor, not the Government, is responsible for management and quality control to meet the terms of the contract. The role of the Government is to conduct quality assurance to ensure that contract standards are achieved.

Performance Objective	PWS Para	Performance Threshold
<p><b><u>Services.</u></b> Performs all copier services set forth in the performance work statement (PWS)</p>	Attachment 1 A. thru G.	<p>All required services are performed and no more than one (1) <i>[Note to Contracting Officer: Insert different number if desired]</i> customer complaint is received per month</p> <p><i>[Note to Contracting Officer: Add other measures as desired]</i></p>

H.1 SURVEILLANCE. The COR will receive and document all complaints from Government personnel regarding the services provided. If appropriate, the COR will send the complaints to the Contractor for corrective action.

H.2 STANDARD. The performance standard is that the Government receives no more than one (1) *[Note to Contracting Officer: Insert other number if desired]* customer complaint per month. The COR shall notify the Contracting Officer of the complaints so that the Contracting Officer may take appropriate action to enforce the inspection clause (FAR 52.212-4, Contract Terms and Conditions-Commercial Items), if any of the services exceed the standard.

### H.3 PROCEDURES.

(a) If any Government personnel observe unacceptable services, either incomplete work or required services not being performed they should immediately contact the COR.

(b) The COR will complete appropriate documentation to record the complaint.

(c) If the COR determines the complaint is invalid, the COR will advise the complainant. The COR will retain the annotated copy of the written complaint for his/her files.

(d) If the COR determines the complaint is valid, the COR will inform the Contractor and give the Contractor additional time to correct the defect, if additional time is available. The COR shall determine how much time is reasonable.

(e) The COR shall, as a minimum, orally notify the Contractor of any valid complaints.

(f) If the Contractor disagrees with the complaint after investigation of the site and challenges the validity of the complaint, the Contractor will notify the COR. The COR will review the matter to determine the validity of the complaint.

(g) The COR will consider complaints as resolved unless notified otherwise by the complainant.

(h) Repeat customer complaints are not permitted for any services. If a repeat customer complaint is received for the same deficiency during the service period, the COR will contact the Contracting Officer for appropriate action under the Inspection clause.

(5) Furnishing information about whether any person is a member of, has made contributions to, or is otherwise associated with or involved in the activities of any charitable or fraternal organization which supports the State of Israel; and,

(6) Paying, honoring, confirming, or otherwise implementing a letter of credit which contains any condition or requirement against doing business with the State of Israel.

(b) Under Section 8(a), the following types of activities are not forbidden "compliance with the boycott," and are therefore exempted from Section 8(a)'s prohibitions listed in paragraphs (a)(1)-(6) above:

(2) Complying or agreeing to comply with import and shipping document requirements with respect to the country of origin, the name of the carrier and route of shipment, the name of the supplier of the shipment or the name of the provider of other services, except that no information knowingly furnished or conveyed in response to such requirements may be stated in negative, blacklisting, or similar exclusionary terms, other than with respect to carriers or route of shipments as may be permitted by such regulations in order to comply with precautionary requirements protecting against war risks and confiscation;

(3) Complying or agreeing to comply in the normal course of business with the unilateral and specific selection by a boycotting country, or national or resident thereof, of carriers, insurance, suppliers of services to be performed within the boycotting country or specific goods which, in the normal course of business, are identifiable by source when imported into the boycotting country;

(4) Complying or agreeing to comply with the export requirements of the boycotting country relating to shipments or transshipments of exports to Israel, to any business concern of or organized under the laws of Israel, or to any national or resident of Israel;

(5) Compliance by an individual or agreement by an individual to comply with the immigration or passport requirements of any country with respect to such individual or any member of such individual's family or with requests for information regarding requirements of employment of such individual within the boycotting country; and,

(6) Compliance by a U.S. person resident in a foreign country or agreement by such person to comply with the laws of that country with respect to his or her activities exclusively therein, and such regulations may contain exceptions for such resident complying with the laws or regulations of that foreign country governing imports into such country of trademarked, trade named, or similarly specifically identifiable products, or components of products for his or her own use, including the performance of contractual services within that country, as may be defined by such regulations.

#### 652.242-73 AUTHORIZATION AND PERFORMANCE (AUG 1999)

## SECTION 4 - EVALUATION FACTORS

*[Note to Contracting Officer: Following the second sentence below, the Contracting Officer may describe any additional items that may be required, such as a company brochure, technical proposal, client list, financial statement, etc.].*

The Government intends to award a contract/purchase order resulting from this solicitation to the lowest priced, technically acceptable offeror/quoter who is a responsible contractor. The evaluation process shall include the following:

- a) Compliance Review. The Government will perform an initial review of proposals/quotations received to determine compliance with the terms of the solicitation. The Government may reject as unacceptable proposals/quotations which do not conform to the solicitation.
- b) Technical Acceptability. Technical acceptability will include a review of past performance and experience as defined in Section 3, along with any technical information provided by the offeror/quoter with its proposal/quotation.
- c) Price Evaluation. The lowest price will be determined by multiplying the offered prices times the estimated quantities in "Prices - Continuation of SF-1449, block 23", and arriving at a grand total, including all options. The Government reserves the right to reject proposals that are unreasonably low or high in price.
- d) Responsibility Determination. The Government will determine contractor responsibility. Responsibility will be determined by analyzing whether the apparent successful offeror complies with the requirements of FAR 9.1, including:
  - adequate financial resources or the ability to obtain them;
  - ability to comply with the required performance period, taking into consideration all existing commercial and governmental business commitments;
  - satisfactory record of integrity and business ethics;
  - necessary organization, experience, and skills or the ability to obtain them;
  - necessary equipment and facilities or the ability to obtain them; and
  - qualified and eligible to receive an award under applicable laws and regulations.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1)  Are,  are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2)  Have,  have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3)  Are,  are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4)  Have,  have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability.
